Advantage

* We use 150lm/w bridgelux 45milled.
(So our 30W can reach 4400lm which is the same brightness as normal 40W power.)
Third party's IES file can be sent if you need.
* Grade A level Lifepo4 lithium battery with UL/CE/UN38.3/MSDS
* Top quality charger controller with 3 years warranty
* Montech Mono solar cell,20%-22% efficiency
* Any natural broken in warranty period,new parts will be sent to your office.

* *Real customers' good feedback*
