**Model E100S lithium iron phosphate battery electric passenger car configuration table**

Item	E100S-Luxury-high power (multimedia color touching screen, 15kw 96V166AH)	Optional add price in USD
L*W*H(mm)	3520*1570*1490	
Wheel base(mm)	2345	
Tread (front/back)(mm)	1330/1310	
Minimum turning radius (m)	≤5	
Minimum clearance from the ground(full load)(mm)	120	
Rated the number of passengers (people)	4	
Curb mass(kg)	950	
Top speed(km/h)	70(80 optional)	
Maximum gradeability (%)	20	
Comprehensive operating conditions power consumption (kwh/100km)	8-10	
Economic speed(km/h)	60	
Comprehensive conditions driven mileage when Economic speed (Kms) and don't open the air condition	120-160	
Motor model	AC asynchronous 96V 15kw	
Battery specification	8V166AH*12 lithium iron phosphate battery of free maintenance	
Charger specification	96V25A	
Drive type	front-engine front-drive	
Tire model	155/65R1377S	
Fully closed charger	●	
EPS electric power steering system	●	
13 inch steel wheel	●	
13 inch steel wheel spare tyre	○	69
13 inch aluminium alloy wheel	○	69
13 inch aluminium alloy wheel spare tyre	○	84
Front window glass electric lift	●	
Rear window glass electric lift	○	69
Senior fabric seats	●	
Front seat three-point safety belt	●	
Luxury interior decoration	●	
Electronic vacuum brake booster	●	
front fog lamps	○	19
Warm wind system	●	
Air conditioning system	○	500
Central control door lock with remote control key	○	34

Sunvisor with paper clip at driver side	●	
GPS navigation	●	
Rear View Camera System	●	
Radio/USB input	●	
RHD	●	500
MOQ (Quantity/40HQ)	4	
FOB Qingdao sea port,China	USD11,600.00	

Optional colour:

Seductive red

Passionate orange

Champagne gold

Pure white

Note: ● means equipped, ○ means optional, - means no equipped. Product specification configuration will be subject to real vehicle, our company reserves the power of interpretation.
