1

Quick Assembled House

Fast Assembly, Transportation Advantage, Great Durability

2

Customized Container House

Attractive Appearance, Personalized Customization, Diverse Options

3

Prefabricated House

Affordable & Practical, Fast Assembling, Easy Transporting

4

Toilet & Booth

Easy Moving, Economical and Practical, Full-range Facilities

5

Light Steel Structure House

Lightness in Weight, High Strength and Stiffness, Recyclable Material

Quick Assembled House

1

- **Fast Assembling** - Averagely 2 workers can erect 1 container within 3 hours. The container also can be assembled in factory and then transferred to the site.
- **Flexible Combination** - stand alone, or combined horizontally to create big open space, or stracked vertically up.
- **Safe and Durable** - over 15-year lifetime, seismic resistance to 8 degree, wind resistance to 11 degree.

Folding Container House

Dimension: 5800*2430*2680mm

Packing : 8 units packed in one 40ft container

Installation: 1 unit/ 30 minutes/ 2 people (saving the installation cost)

FOB price: 3,200 USD

Details: P-3.75 steel corner fittings, P-2.75 corner column bending pieces(2mm thickness), bending pieces for upper beam and underbeam(2mm thickness), double-sided color steel glass wool sandwich panel,ceiling, stressed-skin diaphragm on top (0.5mm), steel single-door(850*2050)*1, aluminum alloy sliding window(940*1500)*2, wooden floor (16mm)+ floor covering (2mm), standard power distribution (two switches,three sockets, two lamps are included in one container)

Customized Container House

2

- **Attractive Appearance** - Professional engineers and designers make you a unique and attractive house.
- **Personalized Customization** - Various layouts are easily formed by using the standard modularity, and the appearances and colours of the facades and the locations of windows and door are adjustable to satisfy particular requirements for people from different background.
- **Safe and Durable** - over 40-year lifetime, seismic resistance to 8 degree, wind resistance to 11 degree.

Taiwan Hotels Project

Dimension: 4m*6m house, 21 m² flat

Configuration: Unit bathroom, electrical and water plumbing

FOB Price: 27,890 USD

Details

Structure: Steel structure+ sandwich panel insulation

Exterior Wall: galvanized profiling file(painting)

Interior Wall: foams wall covering

Floor: laminate floor

Door and Window: aluminum alloy slide hung door, normal bridge cutoff and hollow window

Australia Coffee Store

Dimension: L6058*W2438*H2896mm

Configuration: 5.2m front counter with guid rail, 5.8M back counter, electrical

FOB Price: 24,500 USD

Details

Structure: Modified ISO 20ft HQ shipping container, sandwich panel decoration and insulation

Interior Wall: PVC integrated wallboard

Floor: laminate floor

Door:hydraulic metal lids

New Zealand Coffee Store

Dimension: L6058*W2438*H2896mm

Configuration: electrical, working light, working counter, socket, electric fan, distribution box

FOB Price: 4,200 USD

Details

- Structure: steel structure and insulation
- Window: aluminium alloy top-hung window
- Floor: laminate floor
- Door: steel side hung door

American Swimming Pool

Dimension: L1180*W2200*H2400mm

Configuration: filter system, wave making system, shower spray, ladder, electrical and water plumbing, recycle system, electrical inverter for USA standard

FOB Price: 28,000 USD

Details

Structure: steel structure+ corrugated steel plate+ 22 mm strong glass

Transport: 1*40ft HQ load 1 unit

Kuwait Movable Hospital

Dimension: four combined 20ft containers

Configuration: electrical, working lights, insulation

FOB Price: 69,000 USD

Details

Structure: steel structure

Roof tile: PU or EPS tile

External wall: steel sandwich panel

Door: color steel sandwich panel door

Flooring: MGO board + pvc floor

Ceiling: pvc or gypsum board

Capacity: optional components such as x ray examination room, sterilization system, ventilation system, alert system etc.

Prefabricated House

3

- **Various Layouts** - Various layouts are easily formed by using the standard modularity, and the positions of window and door are adjustable, all of these are to satisfy particular requirements for people from different background.
- **Fast Assembling** - Limited onsite work, averagely every 6 experienced workers can erect approximately 120m² house every day.
- **Easy Transporting** - Up to 250~300m² house can be stored into a standard 40' container; it can also be transported by different types of inland trucks.
- **Safe Stability** - K-house and T-house can resist up to magnitude-7 earthquake and magnitude-10 hurricane.

Ghana Two story K-house

Dimension: 23m length* 3.45m width* 10.35m height

Configuration: Unit bathroom, electrical and water plumbing

FOB Price: 55 USD/sqm

Details

Structure: steel structure, sandwich panel

Column: C-steel (galvanized)

Wallboard: glass wool sandwich panel

Door: steel door+ C-shape door frame

Windows: plastic steel sliding windows

Roof board: rilled steel sheet

Zimbabwe Two story T-house

Dimension: 25m length* 3.45m width* 5.66m height

Configuration: Unit bathroom, electrical and water plumbing

FOB Price: 66 USD/sqm

Details

Structure: steel structure, sandwich panel

Column: C-steel (galvanized)

Wallboard: cystosepiment

Door: composite door

Windows: aluminum sliding window

Rwanda One story T-house

Dimension: 8 m length* 3.45m width* 2.83m height

Configuration: Unit bathroom, electrical and water plumbing

FOB Price: 88 USD/sqm

Details

- Structure: steel structure, sandwich panel
- Column: C-steel (galvanized)
- Wallboard: fireproof board
- Door: security door
- Windows: aluminum sliding window

Laos School Project

Dimension: 16.54m length* 5.62m width* 5.66m height

Configuration: LED lights, switches, plugs, electrical and water plumbing, ladders

FOB Price: 95 USD/sqm

Details

- Structure: steel structure, sandwich panel
- Wallboard: cystosepiment
- Door: entry door
- Windows: aluminum sliding window

Toilet & Booth

4

- **Easy Moving** - Easy mobility and transporting. They can be knock down or shipped as a whole into shipping container and truck.
- **Economical and Practical** - Affordable price with high quality. They can be widely used as public toilets, bathrooms, toll booths, guard booth, stores , etc.
- **Full-range Facilities** - Different types of roof, corridor, canopy and staircase are available; complete set of toilet and bathroom facilities with different choices.

Container Toilet

Dimension: L6058*W2438*H2896mm

Configuration: 3 toilets, 3 urinals, 2 wash basin, electricity and water plumbing
Transport: shipping as 20 ft ISO HQ shipping

FOB Price: 18,000 USD

Details

Structure: Modified 20ft HQ shipping container, 50mm fiberglass sandwich panel decoration and insulation
Transport: shipping as 20 ft ISO HQ shipping

Small Mobile Toilet

Dimension: L2250*W1950*H2500MM

Configuration: 1 toilet, 1 shower, 1 basin, forklift holes, electricity and water plumbing, finished decorations

FOB Price: 6,000 USD

Details

Structure: Structure: steel structure+ sandwich panel+ insulation

Color: white, green

Transport: 1*40ft HQ load 6 units

Wooden Double Toilet

Dimension: 4m length* 1.7m width* 2.4 height

Configuration: doors, two flush toilets, LED light, toilet paper holder, wooden ladder, finished decorations

FOB Price: 6,130 USD

Details

Main frame: steel structure

Wallboard: wood-imitation materials on exterior

Roof : wood-imitation materials covered with water proof

Floor: anti-slip tile

Illumination: LED ceiling

Security Booth

Dimension: 2m *1.6m *2.6m

Configuration: LED lights, sockets

FOB Price: 2400 USD

Details

- Structure: steel structure
- Top: galvanized sheet sealed with structure adhesive
- Column: welded galvanized pipes
- External top: square tube and heat-insulating sheet
- Window: stainless windows
- Door: steel door

Toll Booth

Dimension: 3.5m*1.2m*2.4m

Configuration: working light, switch socket

FOB Price: 1,200 USD

Details

Wall: stainless steel material

Interior decoration: moisture-proof plate

Windows: glass sliding window

Door: steel door

Door locks: ordinary ball lock

Bottom: stainless material

Painting: customized
