# Designed for you

Our goal is to create beautiful and functional homes in timeless design. Houses that you'll find easy to fall in love with.

A log house is always made to suit your individual needs and lifestyle. When you want a premium-quality log house that fits into your budget, choose a suitable log house kit from the Collection. Our designers will help you to customise the model to suit your needs exactly. If you wish to build a custom log home, your personal needs will guide the design process. If you have your own architect involved, we will support you in finding feasible solutions.
