! [Speaker icon]

[Play icon] [Info icon] [Stop icon] [Engine icon] [Generator icon] [Clipboard icon]

[Red Stop] [Green Run] [Yellow Hand] [Yellow AUTO] [Lightbulb/No Sound icon]

A large black control panel for a generator. At the top left, it features a silver nameplate with "HARATH ENGINEERING SERVICES" and "Model 5500". Below this is a green LCD screen flanked by two arrow buttons. To the right of the screen are five indicator lights with labels: "REMOTE START", "PANEL LOCKED", "ACB CLOSED", "SYSTEM HEALTHY", and a warning icon (exclamation mark and speaker). Below these are six icons: a play button, an information 'i' symbol, a stop button, an engine symbol, a generator symbol, and a clipboard with a pen. At the bottom, there are five large buttons: a red stop button with a white 'O', a green run button with a white 'I', a yellow button with a hand icon, a yellow button with "AUTO" text, and a white button with a lightbulb and a crossed-out speaker icon.

ALTERNATOR  
HEATER  
ON

A small rectangular label with black text on a white background, indicating the status of the alternator heater.
