ITEM NO	KRS3000-062																										
FOB QINGDAO	US\$75000.00 (new container) second hand container is cheaper																										
OUT DIMENSION	same as the container																										
INNER CHAMBER SIZE	800*700*2100mm																										
DOOR SIZE	800*500mm																										
G. W	20ton (including the container)																										
NATURE GAS CONSUMPTIO	50-60 M <sup>3</sup> /H																										
CREMATION TIME	40-60minutes per body																										
TOTAL POWER	20.6KW																										
WORKING TEMPERATURE	800-900°C																										
BURNING FUEL	natural gas																										
WORKING VOLTAGE AND FREQUENCY	380V, 50HZ ////220V, 60HZ, could as your requires																										
MATERIAL AND THE PART FEATURE	<p>The inside of this pick ashes cremation machine adopt GB standard proximate material combining new refractory materials, appearance made of standard shipping 40HQ container steel material package, equipped with the lifting cart, lift cooling cover, main combustion chamber, oven door system, flue system, oil supply system, air supply system, induced draught system, and the electric control system.</p>																										

warranty

1. electric appliance:1 year
2. bed surface:500corps
3. herath:2 years
4. burner:2 years
5. control system:2 years

The feature of this cremation machine

1. the structure feature:

the machine finish the whole installation at plant and export directly ,no need the assembling in work place.

2. electric material:

mainly use the international kind to make sure the longer life and the easy change for maintain if in need.

3. thermal insulation properties

adopt the neweast thermal insulation material,good insulation effect, long life,no moving,no damage and no subside during the transportation.

4. electric control system

the operation system adopt the CNC touch screen,nice looking, easy operate,and advanced,also prepare the traditional switching control mode to keep the stablity of the machine.

MOQ:one set

Payment terms:50%TT in advance,50%TT before shipment

Delivery Time:as quantity,common is 30days more or less.

The quotation is valid in one month
