

# COMPLETE PLANT DISPERSAL

## Former Dynamotive Bio-Oil Facility

### AVAILABLE FOR SALE

- Former Dynamotive Technologies facility
- Dispersal of entire site. Separable.
- Wood waste > to bio-oil and energy > to grid
- 172 hours of operation

### MAIN COMPONENTS

- Bruks Grinder/Hammermill Metal detection **C**
- Onix energy system complete (never used)
  - Solid fuel burner tank
  - Hurst Heat Recovery boiler 400 HP **B**
  - MAC dust collector/hi-temp baghouse-STY-III **A**
  - Economizer by Fintube Technologies
  - Stainless boiler exhaust stack **A**
  - numerous silos with Flying Dutchmen/DCL
- Fluid bed reactor (60,000 lbs stainless)
- Duconn electrostatic precipitation
- Orenda/Magellan Aerospace 2.5 MW turbine
  - power plant > to grid (117 hours)
- Diesel/bio-oil fuel preparation module (60,000 lbs)
- Simoneau 400 HP boiler
- Glycol system
- Stainless insulated tanks (15,000 gal)
- Clemmer double wall fuel tank (6,600 gal)

- Vertical propane storage
- GE main breaker
- GE transformers
  - 3000 Kva & 1400 Kva
- Caloritech CCI thermal circulation heater
- Numerous transformers, MCC etc.
- All associated pumps, motors, electrical
