Eye Relief	27mm
Magnification	1x
Objective	26mm
Field of View	40°
Focus Range	25mm - ∞
Dioptre Adjustment	+2/-6
Waterproof	IPX4
Interpupillary Adjustment	55-71mm
MilSpec Switch	Yes
Built-in IR	Yes
Light Overload Sensor	Yes
Batteries	2 x AA
Battery Life, AA	40+ Hours
Weight (inc. IIT)	528g
Dimensions	158x150x85mm
Operating Temp.	-40°C to +50°C

** Please note that the export of any night vision system, be it image intensified, thermal or other, above a given specification is strictly controlled by the UK Strategic Export Control List/the Waasenaar Arrangement. All of these systems are subject to UK Government Export Licencing Regulations and, dependent on specification, a licence may need to be obtained prior to the export, even temporarily (e.g. holiday), from the UK. It is the responsibility of the exporter, whether it be a company or an individual, to ensure that such a licence is obtained. Failure to comply is a criminal offence.*
