

Toyota Land Cruiser 79 D/C (4.2 Ltr V6 Dsl MT) - B6 level armored CIT – 2021YM

Proposal HSV17112021 Toyota Land Cruiser 79 Pick-up (4.2ltr. V6.Diesel MT) CIT

Ballistic Specifications

B6 level are armored using materials, both opaque and transparent, that meet or exceed the requirements of the European CEN 1522/23 and CEN 1063 standards to the level FB6 for opaque areas and BR6 for transparent areas.

Armoring

All four sides of the passenger compartment and the roof of the vehicle are protected using high-quality armor steel and glass defeating 7.62x51mm M80 Nato Ball ammunition (U.S. NIJ level III, CEN level BR6/FB6) and 5.56x45 SS109 ammunition (CEN level BR5/FB5 and BR6/FB6) at 0° incidence (90° to the surface) and 10m range according to CEN1063 and CEN1522.

Opaque Areas:

All opaque areas including the roof are protected against the following and all lesser weapons/ ammunitions at 90° impact angle in accordance with the above specifications.

- Calibre 7.62 x 39 mm, FJ/PB/FeC, AK 47 Kalashnikov
- Calibre 5.56 x 45 mm, FJ/PB/SCP, M16 Colt
- Calibre 7.62 x 51 mm, FJ/PB/SC, (FN) “FAL” / “LAR” NATO rifle

Transparent Areas:

All transparent areas are multi-layer and polycarbonate coated to protect against the following and all lesser weapons/ ammunitions at 90° impact angle in accordance with the above specifications.

- Calibre 7.62 x 39 mm, FJ/PB/FeC, AK 47 Kalashnikov
- Calibre 5.56 x 45 mm, FJ/PB/SCP, M16 Colt
- Calibre 7.62 x 51 mm, FJ/PB/SC, (FN) “FAL” / “LAR” NATO rifle

Floor

The floor of the vehicle is designed to defeat the following hand grenades

- Two DM 51 (German Norm) detonated simultaneously

In addition, the floor also offers protection against anti-personnel mines.

Armouring design:

- The armouring is integrated with the vehicle's structure and is self-supporting so as to avoid excessive stress on the vehicle's original structure.
- The interior armour-frame provides overlap for the large-surface armour components such as the door armour-plates and the windows.
- Hinge mounting points are reinforced both in the pillars and in the doors where applicable in a way that the armouring of the door is supported by the armouring of the pillar.
- Heavy-duty hinges with in-built door-stop.
- The Vault (Cash Box) compartment is accessed through a door in the rear bulkhead of the armouring, and is accessed by a swivel-out door.
- All doors are fitted with electronically-controlled interlocking high-security safety locks.
- Fuel-tank, battery and ECU protected with steel armour-plates.

Test Reports/ Product Liability

All materials used in the production of the cabin were successfully tested against projectiles and explosives by independent laboratories. Test reports can be presented upon request or during a factory visit. The armouring of the vehicle provides protection against a wide range of projectiles and explosives. However, complete protection is not possible for reasons of design and modern military weapon technology.

Vehicle Specifications: 2021 YM HZJ79 – TOYOTA LAND CRUISER DCAB PICK

OEM SPECIFICATIONS:

Make:	Toyota
Model:	Land Cruiser Pickup Diesel 4.2L MT 6 cylinders
Year:	2021
Wheels:	16´
Color:	White
Car type:	Pick Up Truck
Kilometers:	0
Specs:	Import
Gearbox:	Manual
Fuel:	Diesel
Seats:	3
Cylinders:	6
Interior:	Grey
Steering side:	Left hand

INTERIOR DESIGN

Air conditioning

Airbags (front and side)

TLC -79 DOUBLE CAB PICKUP CIT

Additional equipment included:

- Upgraded suspension to cope with the additional weight due to armouring
- Run-flat systems on all wheels
- Engine Side Protection
- ECU & Battery Protection
- Fuel Tank Protection

Further optional equipment available at extra cost, such as

- Fast drop chute on the side of the vehicle for direct drop-off in vault compartment
- Rear door for separate access into vault compartment
- Gun-ports
- 2-way intercom inside/outside
- Rear-view camera with monitor in front cab
- Front and rear strobe-lights
- Communications equipment (VHF, UHF, satellite...)
- Electronic Counter Measure Equipment (RF Jammer)
- Video recording/surveillance equipment
- Higher ballistic protection level
- Additional blast protection – Protection against DM31 AP Landmines
- Other

Available upon request on new production order. Please let us know your specific requirements.

Warranty and after sales service

The entire vehicle carries a one year warranty on all components not including lubricants and parts which are subject to normal wear and tear, provided the vehicle is serviced according to the maintenance schedule in Vehicles-approved workshop. In the event of a problem occurring that cannot be resolved by local technicians, a member of our service team will be available to assist or travel to the location of the vehicle to carry out the repair. Services under the warranty will be provided free of charge to the customer upon immediate written notification by either the authorized Toyota dealer or the vehicle owner. It is left to our discretion to replace or repair parts that have become unusable as a result of proven defects in design, material or workmanship. Replaced parts become our property.

Pricing

- Price per unit, EXW UAE: **USD 77,500**

Delivery

- 1 unit will be ready for delivery within 20 days from placing the order.

Payment terms:

- 80% of the contract value to be paid at the time of order, 20% upon completion and acceptance of the work, prior to delivery.
- Price quoted ex-works UAE, shipment will be arranged upon request.

Offer Validity: 15 Days

UAE law is applicable on all business transactions.
