## FIELD HOSPITAL

### MOBILE FIELD HOSPITAL Container

The Field Hospital is an innovative medical facility that offers detailed medical care, similar to a traditional hospital but with added units. It is designed to provide quick and effective solutions in the face of extraordinary situations. The hospital can be customized to meet the specific needs of its customers, in addition to its standard configuration. The main structure of the hospital is made up of a variety of ISO containers, which provide a flexible and adaptable space for medical treatment. This unique approach ensures that patients receive the best possible care, no matter where they are located.

Field Hospital can consist of these parts ,

Emergency Laboratory Unit

Pharmacy Unit X-ray Unit

Laundry Unit Sterilization Unit

Intensive Care Unit x2

Operating Theatre x2

Blood Collection Unit Power&Water Network Toilets

- Area Dimensions : 28.5 m x 17 m
- 7 x Container ISO 20 ft IC-4010
- 5 x Container Expandable

The Area for Field Hospital is **approximately 700 m<sup>2</sup>**
