

Product model	Era6
External dimensions	Long 8500mm Width 3300mm Height 3200mm
Area	28 m ²
Number of	2人
Box weight	7t
Rated power	6KW

Era7
Long 11500mm
Width 3300mm
Height 3200mm
38m ²
2-4 人
9.5t
10KW

Configuration List

Body frame	<p>The main structure adopts a steel structural system, which was developed and designed by a professional structural design team. It uses hot-dip galvanized steel as the main material and has passed strict structural safety certification. The design service life can reach over 50 years.</p>
Glass and window and door systems	<p>The fully enclosed casement windows are equipped with double-layered tempered hollow LOW-E glass, providing excellent insulation and good transparency. They consider both the aesthetics and exterior features of the cabin while also addressing issues related to heat control, cooling/insulation costs, and comfortable balance of internal sunlight projection. The aluminum alloy hinged entrance door ensures safety, smoothness, and privacy. It is also environmentally friendly, offering thermal insulation and soundproofing capabilities.</p>
Insulation and exterior wall systems	<p>The main structure is fixed with high-strength composite materials to ensure that the cabin has sufficient strength and stability. The polyurethane foam insulation layer is customized with fluorocarbon paint-coated aluminum panels, which possess characteristics such as high strength, high pressure resistance, oxidation resistance, and excellent texture.</p>
Interior decoration	<p>Customizable Ceiling Suspended in Standard Colors, marble-colored fiberboard interior wall cladding, indoor brand floor; all adopt good fire performance, high weather resistance, formaldehyde-free surface layer material, safety certification materials. Fashionable and beautiful, energy-saving and environmentally friendly, green and comfortable.</p>
Outdoor terrace system	<p style="text-align: center;">Outdoor Waterproof Flooring, Anti-corrosion Wood Double-Layer Laminated Glass Railing</p>
Electrical control	<p>Brand-name water heaters, air conditioners, integrated control panels, curtain motor tracks, and smart door locks all use top-tier brands from both domestic and international markets. The electrical boxes, wires, circuit breakers, and other components also utilize top-tier brands.</p>
Bathroom system	<p>The sanitary ware (basin, faucet, showerhead, toilet, washstand, and bathroom mirror) are all top-tier brands. The waterproofing uses environmentally friendly synthetic materials, and the water pipes utilize branded fittings. The bathroom is custom-made with a wet and dry separation integrated design.</p>

Configuration details

Itemization	No.	Era6	Era7
Body peripheral structure	1	Main Framework (Galvanized Steel Frame Structure)	Main Framework (Galvanized Steel Frame Structure)
	2	Shell (Aluminum Alloy Aluminum Panel)	Shell (Aluminum Alloy Aluminum Panel)
	3	Exterior Surface Treatment (Metal Fluorocarbon Paint Coating)	Exterior Surface Treatment (Metal Fluorocarbon Paint Coating)
	4	Thermal Insulation and Waterproof Layer (Polyurethane Insulation Layer)	Thermal Insulation and Waterproof Layer (Polyurethane Insulation Layer)
	5	Glass Curtain Wall (6+12A+6 Hollow Grey Glass Low-E Tempered Glass)	Glass Curtain Wall (6+12A+6 Hollow Grey Glass Low-E Tempered Glass)
	6	Skylight (6+12A+6 Hollow Low-E Tempered Glass)	Skylight (6+12A+6 Hollow Low-E Tempered Glass)
	7	Panoramic Balcony (8+8 Laminated Grey Glass with Low-E Coating and Tempered Glass Protective Railing)	Panoramic Balcony (8+8 Laminated Grey Glass with Low-E Coating and Tempered Glass Protective Railing)
	8	Openable Window (6+12A+6 Insulated Gray Low-E Tempered Glass)	Openable Window (6+12A+6 Insulated Gray Low-E Tempered Glass)
	9	Entrance Door (Aluminum Alloy Customized Door)	Entrance Door (Aluminum Alloy Customized Door)
	10	Entry Door Lock (Hotel Outdoor Waterproof Smart Door Lock)	Entry Door Lock (Hotel Outdoor Waterproof Smart Door Lock)
	11	Electrical appliance room (air conditioner and water heater)	Electrical appliance room (air conditioner and water heater)
	12	Inter-device (Aluminum Alloy Customized Louver Door)	Inter-device (Aluminum Alloy Customized Louver Door)
	13	Perimeter Light Strip (Ambient Light Strip)	Perimeter Light Strip (Ambient Light Strip)
	14	Top light strip (ambient lighting strip)	Top light strip (ambient lighting strip)
	15	Footrest/Lifting lug / Transport fasteners / Installation connectors /	Footrest / Lifting lugs / Transport fasteners / Installation connectors /
The cabin is environmentally friendly and well-decorated	16	Ceiling Suspension (Advanced Environmental-Friendly Fiberboard + Aluminum Alloy Decoration)	Ceiling Suspension (Advanced Environmental-Friendly Fiberboard + Aluminum Alloy Decoration)
	17	Wall surface (high-grade environmentally friendly fiberboard + aluminum alloy decoration)	Wall surface (high-grade environmentally friendly fiberboard + aluminum alloy decoration)
	18	Flooring (High-Grade Eco-friendly Wood Grain Flooring)	Flooring (High-Grade Eco-friendly Wood Grain Flooring)
	19	Interior (Surrounding Atmosphere Light Strip)	Interior (Surrounding Atmosphere Light Strip)
	20	Custom-made bar counter	
	21	Brand lighting simple lamps	Brand lighting simple lamps
	22	Curtain track	Curtain track

Hardware bathroom	23	Bathroom Privacy Door (Ordinary Frosted Tempered Glass)	Bathroom Privacy Door (Ordinary Frosted Tempered Glass)
	24	Ceiling/Wall (Environmentally-friendly Carbon Fiber Board + Aluminum Alloy Decoration)	Ceiling/Wall (Environmentally-friendly Carbon Fiber Board + Aluminum Alloy Decoration)
	25	Showerhead (Arrow brand)	Showerhead (Arrow brand)
	26	Washbasin/ Basin /Mirror/Cabinet/ Floor drain (Arrow brand)	Washbasin/ Basin /Mirror/Cabinet/ Floor drain (Arrow brand)
	27	Intelligent Toilet (Archer)	Intelligent Toilet (Archer)
	28	High-end stone material for the bathroom floor	High-end stone material for the bathroom floor
	29	Bathroom lighting, ventilation, heating three-in-one bath bomb	Bathroom lighting, ventilation, heating three-in-one bath bomb
	30	Branded lighting downlights	Branded lighting downlights
	31	Hanger towel rack	Hanger towel rack
Appliances/ Utilities	32	Sichuan cable/8-core network cable	Sichuan cable/8-core network cable
	33	Insulated PVC line pipes	Insulated PVC line pipes
	34	Whole house water supply and drainage anti-riot and anti-pressure pipes	Whole house water supply and drainage anti-riot and anti-pressure pipes
	35	Brand 60L storage electric water heater	Brand 60L storage electric water heater
	36	Brand 2 hp 1 set of cold and warm inverter central air conditioner	Brand 2 hp 1.5 hp cooling and heating inverter type central air conditioner 2 sets
	37	Five-pin socket/three-pin socket	Five-pin socket/three-pin socket
	38	Switch panel/USB panel	Switch panel/USB panel
Intelligent control system	39	Plug-in card power/card power off	Plug-in card power/card power off
	40	Intelligent lighting control	Intelligent lighting control
	41	Curtain intelligent control system	Curtain intelligent control system
	42	Intelligent voice system	Intelligent voice system
Matching	43	Sound system	Sound system
	44	Dedicated hyperbaric chamber flushing gun	Dedicated hyperbaric chamber flushing gun
	45	Base steel structure diagonal brace	Base steel structure diagonal brace
	46	Entrance stairs/access terraces	Entrance stairs/access terraces
	47	Transport installation	Transport installation
	48	Standard interior decoration for the whole house (see soft decoration list for details)	Standard interior decoration for the whole house (see soft decoration list for details)
EXW Price	49	33000.00USD	43000.00USD

Note: The above is the standard allocation agency settlement price of the product, excluding transportation costs, lifting fees and measures costs.
