

TO WHOMSOEVER IT MAY CONCERN

30/11/2021,

was undocked on 13/12/2021 and currently survey is progress.

as per IRS HO authorization dated
is under our class entry survey. Subject Vessel

Following remains pending towards completion of survey scope:

1. Approval letter for SOPEP and BWMP Plan (as per D2 compliance) to be placed onboard. *Vessel found having approved BWM Plan for D 1 standard. Manager's confirmation towards BWT system awaited. Kindly advise on the status of BWTS installation and associated Plan approvals.*

Legible copy of Type approval certificate of STP to provide. Type approval certificate and calibration record of Oil content meter to be submitted.

Fuel oil sampling point(s) for as per MEP. 324 (75) to be made. Associated Plans to be submitted for approval.

2. Final TM Report not submitted by TM Firm. Please follow up with service provider.
3. As per previous survey status and HO Authorization, the following exemptions were issued to the vessel, the same need to be obtained from the gaining Flag.

For Life Boat

Immersion suit (kindly ignore if the current flag has a blanket circular)

4. Verification of all pending deficiencies given by attending surveyor during his visit onboard. Verification of all items as per approved LSA-FCP plan remains pending. Majority of them are due/overdue for service as of now. All valid GMDSS related publication to be placed onboard.
