

Pre-Market Release

Executive Airbus A340-300

The Ultimate Executive VIP aircraft is now available with this ultra long range, widebody Airbus A340-300 that will be delivered ready for immediate service. As a former Head-of-State A340-300, this Executive A340 has a prestigious history and pedigree since it entered Executive Head of State service in 2019. This luxurious A340-300 was designed by, and the executive interior installed by, Lufthansa Technik. The interior design features a forward VIP stateroom with adjacent private lavatory and shower, multiple meeting salons with private seating areas. This A340 can carry 145 people in the ultimate safety and comfort for 8,000 miles non-stop range. The spacious open mid and aft cabins can be further individualized and customized with the desired features by the next owner. As a Head of State A340, the aircraft's care was meticulous, with full security, preventive maintenance and professional operation to the highest standards. This A340-300 will be delivered airworthy on the "N" registry, all inspections up to date and painted all

white and waiting the buyer's choice of exterior design and colors. We welcome inquiries from serious and qualified buyers regarding this Executive Airbus A340-300. Spares and financing could be available.
