Hookload	1 million lbs	2 millions lbs	2 millions lbs
Mud Tank Capacity	1,000 barrels	2,200 barrels	2,200 barrels
Barge Dimensions	195' x 54' x 12'	220' x 64' x 16'	250' x 70' x 18'
Generators	(3) 600 KW Caterpillar SR4B generators and (1) 210 KW Caterpillar SR4 standby	(4) 1,350 KW generators	(4) 2,000 KW generators
Draft	7'	8'	8' 0.5"

Barge Rig Overview – Rig 20

Barge Rig Overview – Rig 20

- Constructed in 2002
- 24-Hour inland bay barge rig
- 1,500 hp drawworks
- 750,000 lb hook load
- 18,000 ft drilling depth

Barge Rig 20 Specs

- **Drawworks:** National 110M, Baylor Electric Brake, National B-1 catheads, 6 hoisting speeds. (2280 input horsepower) National 3-engine compound with Quincey air compressor. Air-conditioned Driller's control room.
- **Drawworks Power:** 3-D-398 Cat engines rated to 760HP each with National C-300-64-FH torque converters.
- **Mast:** DSI/National Oilwell-Angle Leg, 142 foot height x 25 feet base spread, 1,000,000 lb. static load strung on 12 lines with 1 3/8" drill line. Dual standpipes, middle board.
- **Substructure:** Fabricated inland barge type with 30" diameter legs rated to 1,500,000 lb.
- **Hoisting/Traveling Equipment:** National/650G500 hook/block 500-ton capacity, National P-500, 500-ton swivel, 5 1/4" x 40' hexagonal Kelly with/Omsco Kelly cock, Varco pin drive bushing and Nat. ABC-2kelly spinner. 2-Speed Rotating Mouse Hole.
- **Rotary:** National/C275, 27" split bushing, pin drive, 500-ton capacity, drawworks driven.
- **Mud Pumps:** 2 Gardner-Denver PZ-11-1600HP powered by 3516 Cat Engines, 1640 HP with National C-300-125 FH Torque Converters-11" stroke.
- **TOP DRIVE: VARCO TDS-11 500 ton**
- **Mud System:** 1000bbl. total capacity with dividers, equalizers, guns, mixing/treating manifold and hopper system.
- **Solids Control Equipment:** Brandt dual "King Cobra" separators (Shakers), 16-2 mud cleaner (Desilter and Desander over Shaker), 1-G-10 mud degasser, Brandt MA-10 and MA-15 mud agitators.
- **Bulk Barite Storage:** 2000 sack capacity with dry air system.
- **Electrical Power:** 3-600KW Caterpillar SR4B generators powered by D-3412 Caterpillar engines. 1-210KW Caterpillar SR4 standby generator powered by D-3306 Caterpillar engine.
- **Air Compressors:** 1 Quincey 390 air compressor on compound, 1-quincey 5120 elec. drive and 1-gardner denver 75 hp screw drive air compressor, all air compressors equipped with coolers and dryers.

Rig Arial Overview

- **Cranes:** Main crane; Applied Hydraulics 60 foot box boom with load line and fast line, 30-ton equipped with angle indicator and load indicator, 5 ton ebi crane (grocery and small supplies)
- **Fluid Capacities:**
 - Main Fuel tank - 39,737 gallons
 - Auxiliary fuel (day tanks) – 4000 gallons
 - Drill Water – 98,024 gallons
 - Potable Water – 30,000 gallons
 - Brake Water – 20,000 gallons
 - Pollution tank – 20,000 gallons
- **INSTRUMENTATION:** MD TOTCO RIG SENSE SYSTEM INCLUDES; PVT, FLO-SHOW, DEPTH, ROP, HOOK LOAD, BIT WEIGHT, BLOCK POSITION, PUMP PRESSURE, SPM WITH ACCUMULATED STROKES, ROTARY RPM, ROTARY TORQUE, TONG TORQUE, STRING WEIGHT AND GAS DETECTION. AUTOMATIC DRILLER. EXPLOSION-PROOF INTERCOM.
- **DRILL STRING:** 18,000' 5" 19.50LB. G-105 DRILL PIPE, 30-JT. 5" HWDP, 10-8" SPIRAL DRILL COLLARS, 30-JT. 6 1/2" SPIRAL DRILL COLLARS. CROSS OVERS, SAVER SUBS, BIT SUBS AND HANDLING SUBS. ALL DRILL STRING HANDLING TOOLS.
- **AUXILIARY PUMPS:** DRILL WATER, BAY WATER, WASHDOWN, MUD MIXING, SOLIDS CONTROL PUMPS, CHARGING AND 10" MARLOW DE-BALLASTING PUMP, FUEL TRANSFER PUMPS.

Barge Rig Overview – Rig 21

Barge Rig Overview – Rig 21

- Constructed in 2005
- 24-Hour inland bay barge rig
- 3,000 hp drawworks
- 2,000,000 lb hook load
- 30,000 ft drilling depth

Barge Rig 21 Specs

- **DRILLING RIG #21:** 24-HOUR INLAND BARGE DRILLING RIG RATED 30,000' WITH 15,000' 5.5 HT-55 DRILL PIPE, 12 - 8" DRILL COLLARS REGULAR CONNECTION, 20 - 6.5 DRILL COLLARS IF CONNECION, AND 30 – 5.5 HWDP.
- **DRAWWORKS:** CONTINENTAL EMSCO C-3 TYPE 2, 3000HP INPUT GROOVED FOR 1 3/4" DRILL LINE 7838 ELECTRIC BRAKE POWERED BY 3-1000HP GE ELECTRIC MOTORS
- **MAST:** SOMAC 2,000,000 LBS. HOOK LOAD 152' STRUNG WITH 16 LINES 1 3/4" DRILL LINE, RACKING BOARD, MIDDLE BOARD, DUAL STAND PIPES 7500 PSI.
- **ROTARY:** 37 1/2 PIN DRIVE WITH 2 SPEED GEAR BOX DRIVEN BY 1-752 GE ELECTRIC MOTOR.
- **TOP DRIVE:** CAN RIG 750 TON.
- **TONGS:** NATIONAL OILWELL VARCO ST-80
- **ROTARY TONGS:** BJ TYPE DB AND HANDLING TOOLS. AIR SLIPS: ACCESS BACK SAVER, OFFSET FOR TOP DRIVE, 750 TONS.
- **MUD PUMPS:** 3 CONTINENTAL FC 1600 HP, POWERED BY 3-GE 752 ELECTRIC MOTORS ALL 3 PUMPS ARE EQUIPPED WITH 7500 PSI FLUID ENDS, AND SOUTHWEST HYD. LINER RETAINERS, AND 2-PIECE QUICK CHANGE RODS, SUCTIONS ARE SUPER CHARGED WITH 3-6X5 DERRICK CENTRIFUGAL PUMPS, HEADERS AND STAND PIPES ARE 5" MECHANICAL STEEL TUBES. ALL 3 PUMPS ARE EQUIPPED WITH 7500 PSI PULSATION DAMPNERS, AND SAFETY POP OFF VALVES WITH DISCHARGE RETURN TO SUCTION PITS, PUMP ROD LUBRICATION IS PROVIDED BY SHAFT/BELT DRIVEN CENTERFUGE PUMPS, AND CLOSED RESERVOIR. ALL 3 PUMPS CAPABLE OF RUNNING SIMULTANEOUSLY.
- **GENERATORS:** 4-3512 CAT ELECTRONIC FUEL EFFICIENT 1500 HP ENGINES WITH 1300 KW KATO GENERATORS. COOLING IS PROVIDED BY 4 COOLING TOWERS LOCATED ON TOP OF LIVING QUARTERS. 1 CAT 350 KW STANDBY GENERATOR. SCR HOUSE: 6-SCR PANELS, AND 5 GENERATOR PANELS (1-SPARE PANEL, COOLING INSIDE SCR HOUSE IS PROVIDED BY 20-TONS OF AC).
- **MUD PITS SOLID CONTORL:** TOTAL MUD CAP 2200 BLS, SAND TRAP 74 BBLs, 130 BBLs TRIP TANKS

Barge Rig 21 Arial Overview

- **BOP:** ANNULAR 13 5/8 5,000 PSI RAMS 13 5/8 10,000 PSI DRILLING SPOOL 13 5/8 10,000 PSI 2-10,000 PSI HCR VALVES 2-10,000 PSI MANUAL VALVES
- **BOP HANDLING EQUIPMENT:** 2-50 TON AIR OPERATED CHAIN FALLS 2-50 TON MANUAL OPERATED CHAIN FALLS
- **MANIFOLD:** CHOKE MANIFOLD IS RATED TO 15,000 PSI WITH 2-3" MANUAL CHOKES AND 2-SWATCO HYD. CHOKES BOTH MANIFOLDS ARE H2S CERTIFIED WITH 16"X40" GAS BUSTER AND 8" VENT RUNNING PAST DERRICK CROWN
- **CLOSING UNIT:** CAD S/N 020411589-1 MASTER UNIT, DRILLERS CONTROL PANEL, REMOTE PANEL 7-STATIONS, DIVERTER SENSORS AND ALARMS, 450 GALLON RESERVOIR, 300 GALLON BOTTLE CAPACITY WITH 150 GALLON USEABLE FLUID CAPABLE OF CLOSING A SET OF 18" BOPS WITH 1 1/2 TIMES REMAINING CAPACITY.
- **CRANES:** OIL STATES MOD 60B3A-70 (70" BOOMS) 30-TON, 1 ON DRILL FLOOR AND 1 ON PATIO NEXT TO QUARTERS. BOTH CRANES ARE EQUIPPED WITH WEIGHT INDICATORS AND CROWN STOPS.
- **STORAGE:** DRILL WATER 98,000 GALLONS, POT WATER 50,000 GALLONS FUEL 50,000 GALLONS
- **BRAKE WATER, DRILL WATER AND BAY WATER PUMPS:** ALL 3 SYSTEMS HAVE 2-4X3 DERRICK CENTRIFUGAL PUMPS EACH 1-BACKUP PUMP EACH.

Barge Rig Overview – Rig 22

Barge Rig Overview – Rig 22

- Drilling Rig 22 is the most capable barge drilling rig in the GOM/Transition Zone market today, drilling exclusively for Freeport-McMoRan Oil & Gas (NYSE: FCX) since 2007 through 2016
- In 2011 FCX invested more than \$20MM in upgrades on the rig enabling it to safely and effectively drill into the deepest and toughest formations in the area
- Constructed in 2007
- 24-Hour posted barge rig
- 3,000 hp drawworks
- 2,000,000 lb hook load
- 35,000 ft drilling depth

Barge Rig 22 Drilling Equipment Specs

- **Design:** SEMCO Marine
- **Mast:** SOMAC 152-Ft 2,000,000-LBS Static hook load bottom spread 35-ft
- **Drawworks:** Continental EMSCO C-3 Type 2, 3000 Hp Powered by 3 GE 1100-HP High torque motors
- **Rotary Table:** 49 1/2" Pin Drive, 1000 Ton, with 2 Speed Gear Box Driven By 1-752 GE Electric Motor.
- **Top Drive:** CanRig 750 Ton
- **Tubular handling:** NOV IR 3080 iron Roughneck
- **Air Slips:** Access Back Saver, Offset for Top Drive, rated @ 750 Tons
- **Mud Pumps:** 3-Ea LeTourneau W-2215, Rated @2200-HP powered by GE High Torque, discharge Rated @ 7500-PSI 752 motors

Barge Rig 22 Arial Overview

Barge Rig 22 Power / Crane Specs

- **Main Power:** 4-3516 Cat Electric Fuel Efficient 3500 Hp Engines With 2000 Kw Kato Generators, Cooling Is Provided By 4 Cooling Towers.
- 1 Cat 350-kw Standby Generator E-Gen.
- **SCR System:** 6-SCR panels, and 5 generator panels (1-spare panel, cooling inside SCR house is provided by 20-tons of ac)
- **Crane:** 1-30 TON SEATRAX GANTRY TYPE CRANE ON DRILL FLOOR. 1-30 TON OIL STATE MOD. 60B33A-70 ON PIPE RACK
