

#### STATEMENT OF AUTHORITY

The Gemological Institute of America (GIA) is the world's foremost authority in gemology. GIA's research, education, and certification services are the foundation of the gem trade. GIA's research and education services are the foundation of the gem trade. GIA's research and education services are the foundation of the gem trade.

#### WHAT IS A GIA REPORT?

A GIA report is a document that provides a detailed description of a diamond's characteristics, including its weight, color, clarity, and cut. It also includes a GIA-issued identification number and a GIA-issued grading certificate.

The GIA report is a document that provides a detailed description of a diamond's characteristics, including its weight, color, clarity, and cut. It also includes a GIA-issued identification number and a GIA-issued grading certificate.

As the world's pre-eminent gemological laboratory and research center, GIA is often the first to discover new gem materials, identify new varieties, and discover new varieties. It is also a leader in the discovery of new varieties.

GIA's research and education services are the foundation of the gem trade. GIA's research and education services are the foundation of the gem trade. GIA's research and education services are the foundation of the gem trade.

### STATEMENT OF AUTHENTICITY

This document represents GIA's professional opinion, supported by the techniques and instrumentation available at the time of examination, that the diamond described in this report is a natural diamond and not a simulated or laboratory grown. This document also describes the quality characteristics of the diamond based on the GIA 4Cs and the GIA International Diamond Grading System™, and discloses any treatments discovered during GIA's analysis.

### WHAT IS A GIA REPORT?

A GIA report represents a technologically advanced gemstone evaluation.
